6		ACCIDENTAL RELEASE MEASURES
6.1	Personal precautions	Adhere to personal protective measures
6.2	Environmental precautions	Do not allow to get into waste water or waterways; if this occurs, inform the relevant water authority at once
6.3	Methods and materials for cleaning up	In the event of spillage, take up large and small fragments mechanically (e.g. sweep or vacuum up, small fragments being first treated with damp sand) into tightly closed containers. Adhere to personal protective measures. Label container and dispose of as prescribed. Do NOT sweep up dry dust (possibility of explosion)
6.4	Reference to other sections	See section 8 for personal protective equipment

7		HANDLING AND STORAGE
7.1	Precautions for safe handling	Handle in accordance with good hygiene and safety practice. Avoid the raising and deposition of dust
7.2	Conditions for safe storage	Ensure adequate ventilation of the storage area. Keep containers tightly closed, cool and dry, avoiding direct sunlight and away from organic and combustible materials
7.3	Specific end use(s)	See section 1.2
