

## Molecular Products Ltd - Quality Policy

We have established this Quality Policy to be consistent with the purpose and context of our organisation. It provides a framework for setting and review of objectives in addition to our commitment to satisfy applicable customers', regulatory and legislative requirements as well as our commitment to continually improve our management system.

Our products are world leaders in the treatment and supply of breathable gases. We are committed to maintaining our regulated registration for full compliance to supply first class products worldwide.

Our top-level system operates a Quality Manual in accordance to the latest versions of Medical Device Directive 93/42/EEC, EU Medical Device Regulations 2017-745, UK Medical Device Regulations 2002, ISO 13485 and ISO 9001.

*We are committed to the following:*

**Customer focus:** As an organisation we have made a commitment to understand our current and future customers' needs; meet their requirements and strive to exceed their expectations.

**Leadership:** Our Top Management have committed to creating and maintaining a working environment in which people become fully involved in achieving objectives.

**Engagement of people:** As an organisation we recognise that our employees are the essence of any good business and that their full involvement enables their abilities to be used for our benefit.

**Process approach:** As an organisation we understand that a desired result is achieved more efficiently when activities and related resources are managed as a process or series of interconnected processes.

**Improvement:** We have commitment to achieving continual improvement across all aspects of our Quality Management System; it is one of our main annual objectives.

**Evidence-based and Risk decision making:** As an organisation we have committed to only make decisions relating to our QMS following an analysis of relevant data and Risk based information.

**Relationship management:** Molecular Products Ltd recognises that as an organisation and the relationship it has with its external providers, have interdependent and a mutually beneficial relationships, this enhances the ability of all to create valued product.

Our policy is also to meet the requirements of other interested parties and in meeting our social, environmental, charitable, regulatory, and legislative responsibilities.

We have produced Quality orientated processes (SOP's, WI's and associated processes), which relate to this Policy and our Quality Manual.

This Policy is available to all interested parties as well as being made available to the wider community through publication on our Website and Company Noticeboards.
